

## Breeder/Broker Information for Dogs Available for Purchase at Furry Babies Joliet (as of February 7, 2016)

According to "Official Disclosure Forms" in Store and Inspection Reports on File with the United States Department of Agriculture

Breeder	State	USDA #	# Dogs	Business/Animal Welfare Act Non-Compliance Information	Non-Compliance Details
Eddie Burkholder (Walnut Creek Pups)	OH	31-A-0461	1	1 non-compliance in 2013 (1 indirect) - enclosures. 49 dogs in July 2015.	Mesh flooring in enclosures with dogs' legs falling through.
Henry Graber*	IN	?	1	Listed with USDA license #32-B-0182 on Furry Babies' "official disclosure form," but that is a broker license that was registered to Levi Graber (Blue Ribbon Morgans and Puppies) at a different address and has been cancelled.	
Willis Hershberger (Pine Ridge Puppies)	OH	31-A-0257	1	1 non-compliance in 2013 (1 direct) – veterinary care. 64 dogs in October 2015.	Dog with eye disease and open sore on paw, not examined by vet (D).
Marcus Knepp*	IN	"Hobby"	1	Not listed in USDA licensee database; however, was licensed under #32-A-0399 until September 2013.	
Lone Oak Kennel*	OH	31-A-0567	4	No inspections on file with the USDA.	
David Miller	OH	31-A-0428	1	2 non-compliances in 2013-2014 (2 indirect) - veterinary care. 300 dogs in July 2015.	Dog with open wound in paw, not examined by vet; 2 dogs with eye disease, not examined by vet.
Lester Wagler	KS	48-A-1932	1	6 non-compliances in 2014-2015 (6 indirect, 1 repeat) – housing, cleaning/sanitation/housekeeping/pest control, access/inspection of property/records. 18 dogs in July 2015.	Holes and gaps in enclosure flooring (R); rodents in feed; responsible adult not present to allow inspection.

Not listed in USDA licensee database.

Not compliant with the Animal Welfare Act according to inspection performed by USDA.

Furry Babies records are inaccurate.

\*Not in Furry Babies' in-store "breeder book."

(D) = Direct non-compliance, defined by the USDA as having "a high potential to adversely affect the health and well-being of the animal." (Indirect non-compliances are defined as not having a high potential to adversely affect the health and well-being of an animal.) According to the USDA, all non-compliances regarding "lack of adequate medical care for animals" are "direct" non-compliances; however, many of the veterinary care non-compliances included in these breeders' records were designated as "indirect." (Definitions retrieved from the USDA's Animal Care Resource Guide, Research Facility Inspection Guide: Completion of the Inspection Report, Indirect & Direct Noncompliant Items, [http://nsu.aphis.usda.gov/animal\\_welfare/downloads/researchmanual/7-6INDIR.pdf](http://nsu.aphis.usda.gov/animal_welfare/downloads/researchmanual/7-6INDIR.pdf).)

(R) = Repeat non-compliance, defined by the USDA as involving the same type of non-compliance as one issued on a prior inspection report.
